

# Tablet Caddy

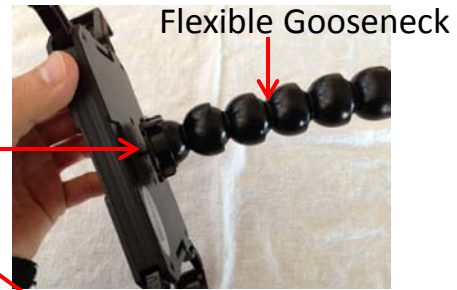

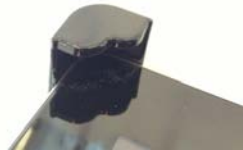

## iPad Mount by Caddie Buddy

### To Assemble

1. Screw Gooseneck into iPad mount.
2. Tighten lock nut to secure gooseneck to mount.
3. To insert your iPad, pull the spring loaded arms around your iPad.

(Note : If you are not using a protective case you may need to push down on arms to snap them in place).

Push down on arm  
if not flush

4. Screw Gooseneck to Tripod or Clamp. →

### To Mount to Headrest

1. Loop strap through slots and around headrest.
2. Push down on latch release lever and feed strap through buckle.
3. Pull strap to tighten around headrest.

- *Stands on any flat surface.*
- *Great for sitting on your lap.*
- *Clamps to tables, cars, counters & just about anything!*
- *Clamp can unscrew for mounting to tripod.*
